POSTS

Durable heartwood Larch can also be supplied for the decking support structure, and other external works.

Decking made from one of the most durable timbers.

Enhance your outdoor space with the natural beauty and durability of Scottish Larch decking. An excellent choice for decking as it is naturally hardwearing and resistant to rot and decay without the need for preservatives.

Larch decking boasts a warm reddish-brown hue that weathers gracefully overtime turning an aesthetically pleasing silver-grey.

FLOORING

T&G HARDWOOD FLOORING

ASH | BEECH | SYCAMORE

Hardwood Flooring £68/m²+vat

Our standard hardwood flooring is 20mm thick and comes in widths of either 85mm or 135mm (plus the tongue).

We can supply wider boards on request. Our Flooring boards are supplied in random lengths, with the ends left untrimmed.

T&G LARCH FLOORING

Scottish Larch £34/m²+vat

Boards 17 x 145mm and 95mm

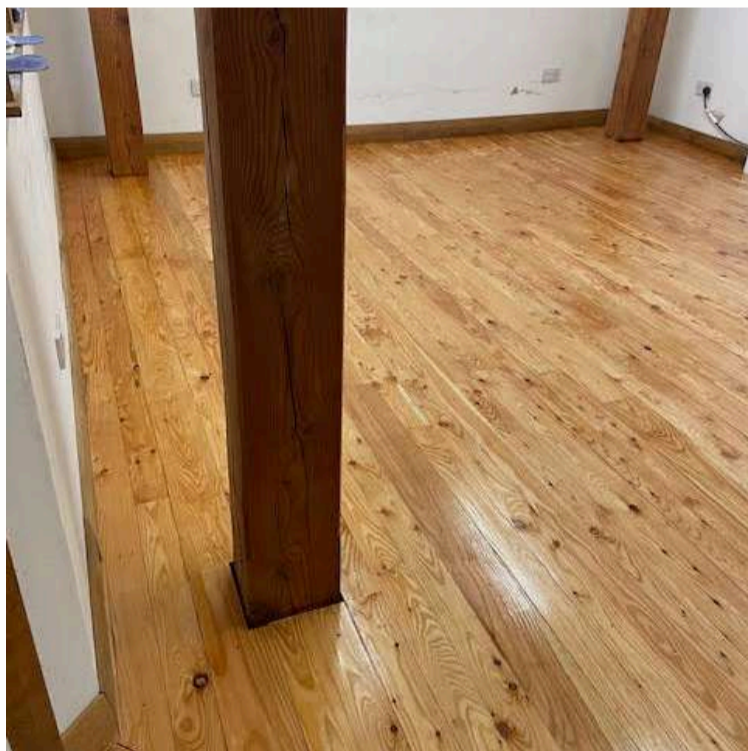

The cost of a Larch floor is exactly half that of an Ash, Beech or Sycamore floor.

Scottish grown Larch makes for a beautiful, hard-wearing and traditional solid wood floor.

Our hardwood flooring all comes from trees grown in Scotland and reflect the spectacular grains and characteristics of home-grown Scottish Timber..

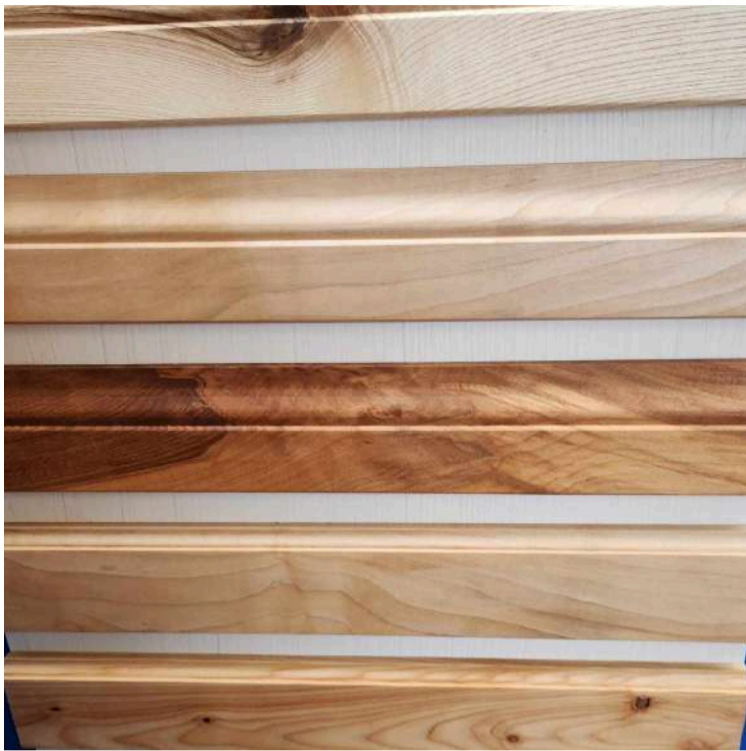

Add warmth and elegance to your home - our Scottish Hardwood and Larch flooring is cut to order from quality timber, ensuring long-lasting durability and stunning visual appeal.

Once laid we recommend a light sanding followed by an oiled finish.
